Tyrell Powe

Graphic and UI/UX Designer

official@tyrellpowe.com
tyrellpowe.com
Remote, U.S. Central Time

Profile

Graphic design student (3.8 GPA) with a UI/UX concentration and real client work behind me. I design brand identities, websites, ads, social content and Amazon listing images for small businesses; designed a Bible study app that is now live; and wrote and illustrated a published children's picture book. Looking for a design internship or entry-level remote role.

Experience

Graphic Designer, Crook Septic Service

Feb 2026 – Present

Contract, remote

- Rebuilt the company's online identity from start to finish, including designing and launching its website on Squarespace (crooksepticservices.com).
- Designed a three-level logo system (mascot badge, CS monogram, document mark) and applied it to yard signs, business cards, invoices and crew shirts.
- Plan weekly Facebook content kits and produce image and video ads in Premiere Pro with AI image and video tools.

Freelance Designer

Ongoing

Self-employed, remote

- Design social media content for entrepreneurs and small businesses launching or growing products.
- Created Amazon product listing images for Back to the Earth Health that follow Amazon's seller image guidelines.
- Designed Amazon and Facebook promotional images for a frankincense and myrrh product line.
- Developed brand identity concepts and mockups for local businesses, including logo systems adapted for print and vertical social formats.

Selected projects

Sixteen Eleven Bible (app.sixteeneleven.bible)

2026

Designed a King James Bible study app from a Figma case study through to a live web app packaged for iOS and Android: reading, highlights and notes, cross references, word study, night mode and a two-pane iPad layout.

Astroman and the Helping Hand (published on Amazon)

2026

Wrote and illustrated a children's picture book. Drew and colored every page by hand, then finished the pages digitally with AI-assisted rendering and Photoshop.

Focus 05 ad campaign (case study)

2026

Redesigned a restaurant's banner ads for a millennial audience using design thinking: audience research, mood board, mind map, mockups and revisions based on feedback.

Education

Southern New Hampshire University

Expected 2030

B.A. in Graphic Design, concentration in UI/UX. GPA 3.8.
